

## **Shavasana Product Review & Giveaway!**

7.26.11

If there are only moments for me to get ready for the day, the ONE beauty-must-do is making sure I have my “eyes” on. Mascara is a MUST!

The teenage years were great when I didn't have to worry about looking asleep even when I didn't have mascara on, but those days are long gone. My eyes just PERK UP when I have longer, painted eye lashes.

So I was thrilled to try out **Shavansana's Max2 Eyelash / Eyebrow Tonic**.

### **Product Description:**

*Max2 Eyelash Tonic Essence is a natural way to create the appearance of longer, thicker eyelashes and eyebrows! Max2 Eyelash Tonic uses the oriental herbs used in alternative medicines in Western countries.*

*The nurturing ingredients in the tonic enhance the durability of your eyelashes and eyebrows. The ingredients used help to stimulate blood circulation around the root of your eyelashes and eyebrows. Increased blood flow helps to activate the root. This will then create the appearance of longer, thicker lashes and brows.*

I have been using the Max2 for 6 weeks, and can see a big difference in what my eyelashes look like *without* any mascara at ALL! And because Shavasana is super, they want to give a lucky reader a chance to try their Max2 Eyelash Tonic, too!
