

Shavasana Eyelash Extensions **Home Care Products**

10.4.11

Eyelash enhancing [retail products](#):

Max2 Eyelash Tonic Essence is a natural way to create the appearance of longer, thicker eyelashes and eyebrows! Max2 Eyelash Tonic uses the oriental herbs used in alternative medicines in Western countries. The nurturing ingredients in the tonic enhance the durability of your eyelashes and eyebrows. The ingredients used help to stimulate blood circulation around the root of your eyelashes and eyebrows. Increased blood flow helps to activate the root. This will then create the appearance of longer, thicker lashes and brows. Price: \$95

Volume Up Extended Eyelash Mascara Specially formulated for eyelash extensions, Volume Up Mascara is gentle enough to wear every day. Nutritional botanicals leave the extensions looking softer, thicker and even more dramatic without the damage that other mascaras can cause to your extensions. Water-washable, you can literally rinse the extensions with only water to remove the mascara. Price: \$28

Cucumber Chamomile Make up Remover Specially formulated for use with the **Shavasana** lash extensions. This is a gentle oil free, botanical based eye make-up remover that soothes as it removes make up and residue from your lashes. Contains chamomile, cucumber and botanicals. Completely glycol-free. Price: \$18
